

# PUBLIC AUCTION!

## J. FLAGE CARTER'S First Annual Stock Sale!

IRVINGTON, KY., Friday, April 14th, 1893.

Consisting of HORSES, CATTLE, HOGS and SHEEP. At the head of the list stands  
BEN HERR and DUPLEX

The last of Shelby Girl's Colts, which met with an accident last winter that cost her her life. This remarkable mare was sired by Shelby Chief, he by Alexander's Abdallah, dam by Hinton's Eclipse, he by American Eclipse, was a five gaited animal and could trot a mile in 2:38. Her ability to produce combined horses from gaited sires and full fledged trotters from trotting sires seems wonderful.

**BEN HERR**, is a combined three year old stallion, black, no white, in form closely resembles his world renowned ancestor American Eclipse, leaving out low weathers. See American Encyclopedia of Live Stock, page 212. Sired by Royal Denmark N. S. R. No. — his pedigree runs down through America's grandest old sires of the turf, such as Denmark, Sr., Gray Eagle, Woodpecker, Bertram, Sir Archie, Diomed, Sumpter and Hedgeford. Dam, Shelby Girl, His gaits are natural, he has not been ridden over a half dozen times. He was driven two weeks to harness to cultivate his square trot.

**DUPLEX**, stallion, yearling, fast color bay, sired by Aberdeen Star, he by Aberdeen, he by Alexander's Abdallah. Dam, Shelby Girl, making him an inbred Abdallah. He can't do anything but trot. Alexander's Abdallah, was the sire of Goldsmith's Maid, with 33½ heats in 2:30 and better to her credit, and closed her career in 1877, after she was 20 years old, trotting in that year 41 heats under 2:30 and down as low as 2:14½. The American Encyclopedia of Live Stock, page 139, sums her up as the marvel of the age. Bids by mail on Duplex accompanied by good Commercial Reference will be honored. The colt is thin in flesh, but sound, and will be sold at a sacrifice. He will be two years old in May 1893, is nearly 15 hands high.

**GRENA GREEN**, four year old mare by Kyler. Dam Cubit, a fast pacer, was put in training one month, but two years old, can do a mile in 34, then used for family driving, very gentle. I recommend her to be as safe as any horse of her age.

**GOL CONDA**, eight-year-old gelding, safe family driver. Pedigree not traced.

**YOUNG JIM**, four-year-old gelding by Kyler. Dam, a McLackey. Does all farm work kindly on the off. Wouldn't recommend him to be a safe family horse. Will give a written guarantee that these horses are sound and just what I represent them.

**CATTLE**, twelve head three-year-old steers, corn fed, all dehorned, two milk cows and some yearlings.

**SHEEP**, about sixty-five ewes, with and without lambs, clipped.

**HOGS**, twenty head of very fine stock hogs.

**TERMS OF SALE**—A credit of six months without interest, with bond and approved security, except on Ben Herr, a longer time will be given, which will be made known on day of sale. To those wanting to pay cash, a discount will be given. The cause of selling my entire string of fancy-bred horses, is that I am convinced that the Silo is better adapted to wintering stock of the Bovine Species, a thing I expect to make a specialty of in the future.

**JOHN L. HENRY** will assist in the management of the sale, and settle all disputes that may arise, fairly—Mr. D. W. HENRY will furnish the wind. Everything put up will be sold regardless of price. Sale commences promptly at 1 o'clock.

J. FLAGE CARTER.

P. S.—Six to ten new Buggies, Spring Wagons, Carts and Surries, will be sold on same day publicly, for R. M. Jolly and J. W. Piggott. On credit of six months with approved security. Six per cent. interest from date.

#### MULDRAUGH.

Mr. Henry Mossbarger has brought on his spring goods.

Mr. George Crutcher and sister have returned from Vine Grove.

Mr. Arthur Smith, who has been working in New Albany, Ind., has returned home.

Mrs. Ben. Winterbower gave a party Thursday evening, which was quite an enjoyable affair.

Miss Mollie Withers spent Saturday and Sunday with Miss Bettie Moremen, of Valley Station.

Miss Minnie Pusey, one of Louisville's most fashionable modistes spent Easter with her father, Mr. George Pusey.

Toga Springs will be opened about the first of May under the management of Messrs. James Maynard and J. T. Dawson.

Mr. Creed and Tom. Haynes spent several days in Vine Grove last week, the guests of their sister, Mrs. Jim. Smith.

Mrs. S. L. Monarch and family, who have been visiting her father, Mr. J. B. Withers, returned to their home in Owensboro Saturday.

Mr. W. W. Harris, of Louisville, will take charge of Chrystal Lake this summer. We are expecting a good time this summer going to picnics and barbecues.

Misses Edna and Bettie Harrington were taken very sick with the mumps while visiting in New Albany, Ind. Mr. Bert Magners accompanied them home. We hope to see them out again soon.

Mr. J. B. Withers and S. L. Monarch bought V. Myrtle's farm on which they expect to plant 15,000 peach trees. Mr. Monarch is a well-known distiller of Owensboro. Their anticipations are to erect a large distillery to utilize the fruit that is not salable.

Mr. Abe Warren while cutting in a clearing, fell a tree on his leg, which broke it. They sent in various directions for the doctors. They all declined to go because he was a poor man. After the poor old man had suffered 24 hours, one of our good neighbors took the money and placed it in the hands of one of them and he came willingly.

#### He Loves The Breckenridge News.

MORRISTOWN March 31st 1893.—EDITOR NEWS.—DEAR SIR—Find inclosed my check for \$2.00. Please send the Breckenridge News to F. C. Cart this place, for one year and credit \$1.00 to my account. The News seems like a letter from home every week. I think this is sixteen years the News has been paying her weekly visits to us.

Yours Truly,  
E. A. BALDWIN.

#### FALLS OF ROUGH.

We have several cases of gripe at the Falls, but all were out enjoying the glad-some Easter.

The dam has proved a great success, and is a lasting monument to the skill of the late Mr. Bennett.

Farmers are very busy putting in their seeds, but their wives keep close to their wicks and already have their gardens in an advanced state of cultivation.

Mrs. Peyton, who has been quite an invalid during the winter, has recovered sufficiently to visit her friends in Gaston. Upon her return she expects to open the hotel for her summer guests.

Maj. Lawrence, president of the Fish and Game Club, writes that he will be down with a number of carpenters to build a lodge here for the use of the club during the fishing and hunting season.

Mr. Green's new saw mill will soon be in operation with a capacity for sawing 30,000 feet per day. He has been very fortunate in securing the services of the well-known Capt. Stames, of Henderson, to take charge of the mill.

About twenty persons left yesterday on the excursion train to spend a few hours in Louisville. They were so late getting back that there were more sleepers in the church to-day than were necessary for its support.

Several parties from Breckenridge were over seeing the creek yesterday and we fear have injured the fishing by rod and line. Many good hunters condemn the practice of snaring and netting the game, but the wholesale destruction of small fish is much more to be deplored.

Easter Sunday has come and nearly gone. The sun is fast setting in all his glory after having shed his beautiful bright rays upon the country round about. The Sunday School celebrated the day by having an egg hunt, and each scholar was remembered in the many nests that the Easter hen made in the churchyard.

They say a workman is known by his chips; judging from the quantity of wood sawed and piled up around the hickory mill, the operators must be turning out thousands of axe handles per day. These business, too, is thriving, and now that the roads are getting dry, we expect to see wagons coming in from all directions loaded down with ties.

#### The World's Fair

Can not remain such without the blooming look and radiant complexion which health alone imparts. Parks' Tea, by clearing the blood of impurities, makes the complexion regain the hue of youth.

#### Carlisle on Women of Genius.

These women of genius, sir, are the very d—l when you take them on the wrong tack. I know very well that I myself—if I ever marry, which seems possible at best—am to have one of them for my helpmate; and I expect nothing but that our life will be the most turbulent, incongruous thing on earth—a mixture of honey and wormwood, the sweetest and bitterest—or, as it were, at one time the clearest and sunshiny weather in nature, then whirlwinds and sleet and frost; the thundering and lightning and furious storms—all mingled together in the same season—and the sunshine always in the smallest quantity! Judge how you would have relished this; and sing with a cheerful heart, "E'en let the bonny lass sing!"—From "Unpublished Letters" in Scribner's.
